BRIEF ABSTRACT OF LETTER.

States that there is need in his dept. for the app't. of a Technical Assistant, and requests that Mr. S. Raghavendra Rao now working under Mr. Chatterton, may be given a place in the P.W. Dept. & seconded with an allow. of Rs. 100 p.m. during his emp't. in the Edu. Dept. and made Technical Assistant.

NOTES AND ORDERS.

It is stated that for want of an Assistant of the kind proposed none of the existing Industrial Schools other than those at Bangalore and Mysore have been properly supervised nor developed. It is

Serial
No.

also stated that the Assistant will be helpful in connection with the scheme of practical instruction, and in looking after Mr. S.V. Sethi's work whenever he goes on leave or is otherwise not available.

2 It may be noted that at present there are important technical institutions only at Bangalore and Mysore; the institutions at the other places in spite of their revision ordered in G.O. of 17-11-15 may require some considerable time before being raised to the level of the institutions at Bangalore and Mysore.

3 The opinion of the Secy., P.W. Dept., and of Pt. II may be obtained in the matter.

8p
25.1.16.

4 The question of finding a permanent place for Mr. S. Raghavendra Rao is separately under consideration; and these papers are ascertained to be now before the Council.

8p
25.1.16

5 I think the suggestion of Mr. S. V. Sethi may be approved. Mr. Raghavendra Rao with his qualifications & the experience he has acquired, may be of great use with 299
with the following

Mr. offll P. 35/P. 102.

Dated the 3rd February
1916.

9 If a Technical Assistant is considered necessary, Mr. Raghavendra Rao may be employed temporarily, as proposed by the Inspector General of Education.

2. As there is a full-time Superintendent for the P.W. Workshop, Mr. Raghavendra Rao's services cannot be utilised in that institution, nor can he be appointed to the P.W. Department and seconded, as proposed by the Inspector General, as there is no vacancy against which he can be counted.

3. As Industrial Schools are to be established in different parts of the State, the need of a Technical Assistant will make itself felt.

Sub?

Final W. O No. 1511 of 15.
K

11. Reference is invited to para 8 of G.O. No. 2238-6/ Edu-365-13-L & 13.11.1915 quoted by the J.L.R. It is ~~not~~ stated therein that he should make efficient arrangements for the proper supervision of the Industrial Schools and have them examined at least once a year by an officer having the necessary ~~possessing~~ technical knowledge. Whether the Edu. Dept. has not already got such officers to inspect these schools has not been clearly stated. The officers in charge of the Chamarajendra Technical Institute and the Supd. of the Mechanical Engineering School, Bangalore, who are expected to possess the required technical knowledge may, it is subd., be able to inspect these schools without much addition to their work.

Serial
No.

Unless it is clearly ~~stated~~ established that the inspection of the industrial ^{schools} cannot be attended to by these ~~officers~~ or other qualified educational officers and that the work requires the services of a full time officer, the present proposal is financially objectionable. From the papers it is clear that the work does not require Mr. Raghavendra Rao's full time and to keep him fully engaged work has to be found in various other directions.

12 Attention is also invited to G.O. No. H 2688-G.7.116-15-1 & 15.12.15 reviewing the financial forecast for the triennium commencing from 1915-16. Para 3 deprecates the taking up of new improvement schemes of a financially unproductive nature during the triennium. The supervision of industrial schools ~~being~~ not ~~being~~ directly productive may, perhaps, be considered as unproductive.

Mon
12/2/16

Mr. Secy

Mon
14/2/16.

13 I agree with the foregoing note. Para 8 of the Govt order of 17.11.1915 has been treated by the Dy. Secy as an invitation to propose a new whole-time Inspector. But I think that utilizing the hands of the two

Serial
No.

Central Technical institutions is the Mechanical Engineering School at Bangalore & the Channarayana Technical School ^{at Mysore} for occasional inspection of the ^{industrial} ~~industrial~~ schools will not only be economical but will tend to introduce a coordination between the works of the central & feeder institutions which will be very valuable & beneficial. At present I am working on a Committee which has been ^{appointed} ~~devised~~ to devise means for training people in Crafts & Industries. Mr. Setty is also on that Committee. At every step we feel that Mr. Setty's cooperation would have been far more valuable if he had an intimate knowledge of the working of Industries & Industrial Schools in the interior.

14

Submitted to His Highness.

K

22 The revised scheme sanctioned by His Highness in November last for the improvement of industrial education in the State contemplates the opening of a good Industrial School at each District Head Quarters. Moreover under the Practical Education Scheme arrangements have to be made to provide some practical instruction in Anglo-Vernacular and other schools.

L

Paper under disposal

2. The Inspector General of Education desires to have the services of a special officer to assist him in opening the schools and placing them on a proper working basis. He has therefore applied for the services of Mr. Raghavendra Rao who is employed as Superintendent in the Industries and Commerce Department for the purpose and has proposed that Mr. Raghavendra Rao may be given a place in the Public Works Department and seconded in the Education Department as Technical Assistant with an allowance of Rs.100 per mensem.

10 of office notes

3. The matter was considered in Council and the Council are of opinion that Mr. Raghavendra Rao may be transferred to the Educational Department for one year on a pay of Rs.300 per mensem and with a local allowance of Rs.50. A report on his work may be obtained three months before the period expires.

11 of office notes

4. The Financial Secretary has no objection to the proposed appointment but considers that a period of six months would perhaps be sufficient for organizing a few Industrial Schools that have been sanctioned.

5. The Industrial Schools opened in the past have for various reasons proved a failure and it is very necessary

necessary that the new schools should be started on thoroughly up-to-date lines.' Mr. Raghavendra Rao's spare time may also be utilised for some work in the Chamarajendra Technical Institute and in developing industries in the Mysore City.

6. The resolution of the Council may be approved. Mr. Chatterton has to be provided with an additional officer. This will be done in consultation with the Secretary, Public Works Department.

To

.....P...G...D...S...O...U...Z...A...Esq., B.A., B.L.,

Secretary to the Government of H. H. the Maharaja of Mysore,

.....Education and Agriculture Department. S.

SIR,

I have the honour to invite attention to Government Order No. 2235-6/Edn. 365-13 dated 17th November last sanctioning the establishment of Industrial Schools at each of the six District Head Quarters except Mysore and Bangalore. In this connection, I very much need the services of a Technical Assistant for a period of at least two years to help me in organizing and placing these institutions on a proper basis, capable of future development. For want of such an Assistant, none of the existing Industrial schools other than those at Bangalore and Mysore have been properly supervised, nor have they been properly developed. They are in the hands of the masters of schools for general education, who have very little technical knowledge and whose management has produced little impression on the industrial development of the country. Besides, there is also work in connection with the introduction of the Practical Instruction Scheme sanctioned in Government Order No. 3675-8/Edn. 372-13-4 dated 1st April 1915. The new Assistant will also be helpful to take the place of Mr. S.V. Setti, Superintendent of the Mechanical Engineering School, when he goes on leave or is otherwise not available. For all these

2
20

these purposes, the help of a Technical Assistant for a temporary period is needed and I request that Government may be pleased to sanction the appointment of one such Assistant. I learn that the services of Mr. S. Raghavendra Rao, B.A., B.Sc., now working under Mr. Chatterton in the Industries and Commerce Department can be made available and I consider him a very suitable man for work in the Education Department. He may be given a place in the Public Works Department, if possible, and seconded with an allowance of Rs.100 per month during the time of his employment in the Education Department. For the current official year, the amount needed may be easily met from the allotment of Rs.49,416 provided in the Budget under 18 e. Education, 5 Government Schools, Special, Summary for the revision of Industrial schools.

I have the honour to be,

Sir,

Your most obedient servant,

S. Raghavendra Rao

Inspector General.
